In order to take back Shazu, who was taken captive by the Mercenary King Shamshi Adad, Namuru infiltrated Ashur along with Sharu and Gil who were plotting to assassinate Adad's daughter, Ellel. It was still much too soon for them to capitalize on laws.

Chapter 24 - Kingship, Deception, and the Young Girl

One month ... Since Ashur's invasion of Mari.
WAHH!
WAHH!
WAH
WAHH!
DROP THEM!
WAHH!
STONE THROW-ERS, COME!

DON'T STOP, GET ACROSS THE RIVER!
SMASH
WAHH!
NOW!
DROP IT!
ROLL
ROLL
ROLL

ATTACK IN MULTIPLE PLACES!
ONE OF THEM SHOULD THIN OUT!
BOOM
BOOM
!!
OOM
AHH!
AHH!
CAAW
AHH!
AHH!
AHH!
GRRR
AHH!

My king...
What is it, Magil?
Mari is quite formidable, after all.
My Ashurian army is strong on the plains...
But they lack experience in the mountains.
THUNK
!
.....
KING OF ASHUR!
SHAMSHI ADAD!

Hmph. Only a child would straddle a horse.
This is a first.
YET AN INTERESTING AND POMPOUS CHILD.
JUSTICE LIES WITH ME, ZIMRI-LIM!
CROWN PRINCE OF MARI!
Mari's Crown Prince Zimri-Lim
THE GODS WILL NOT FORGIVE THIS INJUSTICE!
THIS CONSTANT RAVAGING OF OUR LANDS!

MARI
ASHUR
Well he's the only man to ever drive off my advance...
And push me back all the way to Ashur's capital.
Nevertheless...
Prince Zimri-Lim's command
It's rather impressive.
Se It's because he skillfully takes advantage of the land...
And commands a ton of loyalty
All the neighboring tribes are sending reinforcements.
So troublesome.
WAIT!
Yes, Jiel-dono...
WHY IS A SPY OF LARSA DOING IN OUR WAR COUNCIL?
WHAM

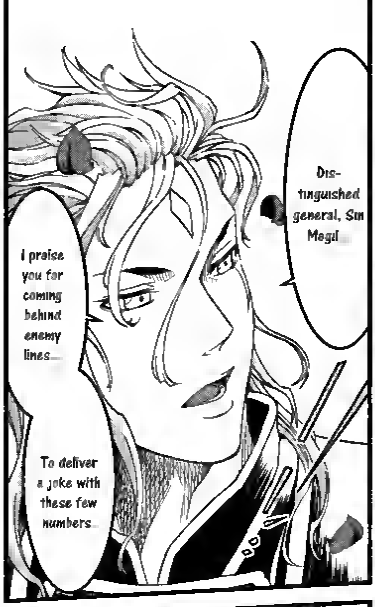
Leave him be
He's a cell user
We can't restrain him
B-BUT!
I'm not a spy!!
I'm the prince of Larsa!!
Ishme...
As my eldest son...
How would you deal with Meri's army?
I-I-It was me?
MY KING!
I HAVE NEWS!
ISIN, THE POWERFUL NATION TO THE SOUTH ...
THEY'VE FINALLY FLED THEIR CAPITAL ...
AND HAVE FALLEN TO LARSA'S ARMY!

Nothing to it.
All you have to do is form an alliance with Mari.
Don't you think?
SO QUICK!
JUST HOW SKILLED WAS THE COMMANDER?!
IT'S ONLY BEEN A MONTH SINCE THE WAR BEGAN!
Why did Nim Sin suddenly begin to make his move?
My king ---
A pincer attack from Mari and Larsa is the one thing we must absolutely avoid.
..Though, we cannot defeat Larsa without obtaining Mari's stone-cutters.

Why would Larsa's prince say that?
Hm? ..
Who knows ?
Maybe I feel like playing nice?
B-But, Father ...
I hardly think that
Mari would form an alliance
Rather, isn't this situation
In their favor ?
There is a way.
If not for that king
Mari would probably be much more fortified.
Mari's king, Yahdun-Lim
Is a man concerned only with his pride and position as king.

This an offer of alliance from my master
The king of Ashur
To the king of Mari
Should you have the mettle to agree to this and destroy Larsa with me
I will immediately cede the northern half of Ashur's territory.
WHA?!
HALF ?!
King of Mari
Yahdun-Lim

!!
CEDE HALF WITHOUT FIGHTING?!
THAT MERCENARY KING SHAMSHI ADAD WOULD?!
That's not bad...
If it appears that the mercenary king feared me to that extent...
The other tribes might favor me...
Over Zimri-Lim.
HA! HA! HAHA! HA!
!!
The war is in our favor now that Larsa's made its move...
But even if Ashur is defeated
As long as Rim Sin is around...
I doubt we'd be able to coexist with Larsa...
STEP
STEP
STEP



Distinguished general, Sun Megi...
I praise you for coming behind enemy lines...
To deliver a joke with these few numbers...

A joke?
He really is an overdramatic child

IS THAT SO?! IS HE PLANNING TO BREAK HIS PROMISE?!
Grip
No, father...

ZIMRI-LIM!

Shamshi Adad understands the conditions of a powerful nation
It requires a king who forces people, not to surrender, but to prostrate themselves...
He would not go against a peace treaty and open himself to shame from other nations.
Then?!
What is the problem ...?
In other words...
Even if he cedes half his territory to Mari...
He doesn't see it as a problem.
ONCE LARSA IS NO MORE...
HE BELIEVES THAT HE CAN TAKE IT BACK AT ANY TIME!

Into shish kebabs!
Turn them ...
?!
Fuck

A call!?
Clang
!!?
Really now...
That you cannot rest at ease with half a territory.
Like little children... You're all such cowards.
Then along with half our territory...
Let us offer a hostage as well.
?!!

WITH ASHUR'S KING...
SHAMSHI ADAD AS YOUR HOSTAGE ...
THERE SHOULD BE NO QUALMS!
This kind of cheap dramatics
isn't too bad
HUUH?!

TH-THAT'S IMPOSSIBLE!
THE KING HIMSELF AS HOSTAGE?!
YOU, FATHER?
Don't worry
Zimri-Lim is a man who is obsesses over lawfulness
While they're allied with Ashur, he won't allow any harm to befall me
B-BUT!
Besides, because it's so outrageous
We can constrain Mari's king
But still, just in case
I'll prepare an escort

It has.. Been a while..
Brother Ishme-Dagan
SHARU?!
I will.. Fulfill Ellel's role..
That is my responsibility as..
Her killer

You...
Killed Ellel...?
B-BUT SHARU ...
SHE WAS WITH MARI!
You avenged your mother
And the hatred in your heart has gone, hasn't it?
Yes.. Father
It's not that.. I had affiliated myself..
With Mari
I cooperated with them.. Because their goal of Ellel's assassination..
Aligned with mine..
Father.. Brother..
..I am actually..
..Very sorry
I see.
.....

Ishme-Dagan
I offer a chance.
In order to relieve yourself of your dishonor in Eshnunna...
You...
Want me to fight Larsa in your stead?!
For strategy and tactics alone.
There is Magil and Zimri-Lim
And your friend, Ibal-p-El as well.
Fulfill your role as the core.

Father-
He entrusted Ashur to Ellel...
As if to test my sister
Is he trying to test me now...?
SLAM
DON'T PLAY ME FOR A FOOL!
A KING HIMSELF AS HOSTAGE?!
I'VE NEVER HEARD OF SUCH A THING!
HAHA HA!
I'M ACKNOWLEDGING YOU!
THAT YOU WON'T DO ANYTHING AS IMMORAL AS TO LAY A HAND ON A HOSTAGE!
Now, let's hear your answer

WITH A KING...
AND HALF MY TERRITORY ON THE TABLE...
IF YOU SHOULD BACK DOWN...
I CAN'T SAVE YOU FROM BEING SLANDERED AS A COWARD!
KING OF MARI...
YAHDUN-LIM!

To the alliance...
I'll agree...
It really is interesting watching humans.
The land is one...
They could just cultivate the fields together.
But instead, people create connections...
BY CRUSHING EACH OTHER...

I hope ...
To thoroughly enjoy...
A wild play, like I've never seen before
Like fools
Asshurians...
The Larsans ...
Marians ...
They all celebrate life.
Hyah!
POOF...
Hyah!

It's been a while, Shuig Shimti
GRRRR
So your personal name is Bel-Shalti-Nanna
That secret art
You're controlling the cell
Of my God Nanna from the outside?
The parrot who was saved
By King Shulgi?
You're Shazu.?

You're hiding it...
Within your body, aren't you?
I can't believe you're still as irritating as ever
I used your god Nanna's cells...
To defend
Because you're dragging your feet
The writings of Anu...
Were entrusted to me by King Shulgi 300 years ago
Memories for Ea...
And his writings for me...
Maybe He entrusted them to us separately
The writings of Anu.
These writings...
Are an art which allow one...
To cross through time and use it with cells

Your temporary body
It's crumbling
It's because the fragment of Marduk contained within your body
Is unable to withstand the use of the writings.
And has begun to fall apart, isn't it?
Even small birds can be stubborn...
Oh, Queen...

NOTES ON MESOPOTAMIAN HISTORY

The city-states in this manga are known to have existed in historical Mesopotamia between ~6000 B.C.E. and ~1000 B.C.E. Mesopotamia is the generic name for the early Middle Eastern civilizations and cities found in the mountains of southern Turkey, the Levant, along the mountains of western Iran, throughout Iraq to the fertile river deltas and the shores of the Persian Gulf (which was then considerably inland from its present location), and along the Gulf as far south as Bahrain and Oman. Many of their ruins have been discovered and unearthed by archaeologists and still exist to this day along the Tigris and Euphrates rivers and their tributaries in modern Iraq and Kuwait. Mesopotamia was comprised of many distinct, competing civilizations including Sumerian (including the cities of Lagash, Kish, Uruk, Ur, Eridu, Babylon, Sippur and others), Akkadian (or Assyrian), Mariote, Gutian, Amorite and many others. They were known to trade far and wide with other ancient civilizations such as the Egyptians, the tribes and cities of Mediterranean coast (modern Lebanon and Israel), the Elamites and Persians (modern Iran), and the Mitannis, Hurrians and Hittites (modern Turkey).

Mesopotamian civilizations developed considerably advanced mathematics for their time, using a sexagesimal (base-60) system. They named and knew many stars and constellations for astrological and divination purposes, and differentiated between stars and the seven known planets, plus the Sun and Moon, which they associated with their gods. They developed the first system of writing, cuneiform, using reed styluses on damp clay tablets. They used the first known sailing vessels, and they also invented (and enjoyed) beer.

Why?
Oh, God.
Why are you overflowing...
From within me?
The god's cell which spilled out from me...
Changed its form, god is manifesting in the world.
God Enki's 50...
And the god Ea's 40...
I only contain these two at this moment.

The kings of old should have contained all the gods...
Even King Skuld, before transferring a god to his retainer...
And become complete.
I heard he once became complete...
Answer me... Ea's knowledge, which I have taken...
What is it you say I am lacking?
Schwip
That's...

THE GIANT'S BECOME A FLOWER...!
WHAT IS THAT?!
LARSA'S BEING ENVELOPED!

UGAL-SAMA... WHAT EXACTLY ...
IS THAT?!
Nanna-sama
WITH-DRAW ALL OF LARSA'S TROOPS!
I HAVE NO INTENTION...
OF CONTINUING THIS GAME ANY FURTHER!
Larsa has begun to withdraw
RE-TREAT!
If the city they are to defend
is in that state, war is obviously the last of their concerns
Our army will withdraw as well.
...Don't allow any more losses.
CHARGE!
DON'T GET NEAR THE FIRE!
YES, SIR!

What?!
You didn't see that?
HUH?!
The tinder will begin to light.
We humans can't do anything against that.
Something like that is for Shazu and Namuru.
We humans should just go back and drink some booze now.
Those who are waiting for a strange phenomenon...
To occur with Rim Sin will fight it.
Anyway, for now, booooze!!
HEY, YOU JUST WANT TO DRINK, DON'T YOU?!

SHAZU, GET A HOLD OF YOURSELF!

WE HAVE TO TAKE HER SOMEWHERE SHE CAN REST!
NANNA, IT'S SPREAD ALL THE WAY TO THE SKY!
It seems all Larsa is enveloped
In Lord Rim Sin's cell
SHAZU!
RUSH!

Within their body.
It seems there is a limit to the size of cells one can contain...
It seems they overflow from me.
Even though they are the two greatest gods...
With only god Enlil and god Ea...
And so, the kings who once became complete...
Regulated the gods
And wrote down the techniques...
Of controlling them within people in Apo's writings.
In other words...
This place is within me.
I am Rim Sin!
This place is Rim Sin!
NO-
EH ...?
The whereabouts of Apo's writings.
I know, through Ea's knowledge
SHAZU!

And those writings of King...
Were entrusted ...
To Shaza, whom King Shinji adored.

Living 300 years...
While longing to become the queen.
You've become quite insightful and distorted.
You rotten parrot.

A bird...?
FWISH
So, boy.. Did you really
Stay with this girl..
Not knowing her true identity?
SLUMP
Shazu ...?
It's a bird..?
Ahm ...
Hat hahat ...

I'm a laughable ...
Parrot.
That's why I told you.
The one you should save...
Isn't me...
I...
Just longed to be the queen
I dreamed of it
Shazu was...
Deceiving me... the whole time?

Ever since you came to me...
The whole time... I was scared
When would I awake from my dream?
Now..
You know, right?
Is Queen Shuigi Shimli
The one Io assimilate all
Nanna
The one you should choose...
The one you should protect...
To take your hand.
I was scared... And I couldn't bring myself...
Because you too...
With King Shuigi...
Are ones who will assimilate all, too.

Is it not a physical item?
I cannot find the writings
No matter I'll take you to my physical body...
HAH
HAH
And have you take it out there
King Shaky...
Me?

CRASH

CRACK
Mm...

That human-like desperation of yours, Nanna-chan.
This is my first time seeing it.
Jes-sama
Keke.
Even the half of all ..
Has a most beloved after all, huh?
Well, that brat looks like his head's full.
With thoughts of another woman though.
I'm not even a puppet anymore ...
I'm a jester
Of Rim Sin-sama?
Are you... a clone,

The physical body.
Is there.
That isn't so.
TPWISH
To think that you were a woman!..
Rim Sin

I am a fetus...
I am inside this woman's womb.
I know not if it is due to my god Epli's influence...
But after this woman conceived me...
She went into a suspended state without giving birth to me
SLIDE...
HM
HM

In this world...
The sole being who can only exist on their own...
The Complete One
Is that not the supreme goal...
Of all living things?
I remade the man who was with her into a puppet.
And so...
In order to look after the women...
If you gained your freedom...
Why do you seek more power than you have now...?
Afterwards, I created a technique.
To place my consciousness into an artificial body...
And gave the man free will...
Because I had gained my freedom.
You weren't able to understand them, were you...?
So... Love
The joys of being human...
HAA
HAA

Cleave.
Also stressed that
Naooe...
Love...
Rim Sin..
You too... I'm sure have received love before.
If your parents didn't want you...
And didn't love each other...
The man wouldn't have stayed
With the woman in that state
I don't...
Under-stand.
So it seems the writings...
Are not a physical item to be taken out after all
!
AHH!

If you do not, the giant god which is spread throughout Larsa...
Will begin to crush it with haste.
Either way, Anu's writings...
Well, no matter, Shulgi's parrot
Cannot be used overnight.
I know this from Ea's knowledge
You will alter god Ea and god Enlil.. And reside in me.
Your beloved, along with Larsa..
Will be destroyed together.
Fine...
Then...
SWOP.

BOOM
Because looking after that idiot,
Is my .. Role.
NAMURU-SAMA, THIS WAY!
QUICK-LY!
Keke, they're sure doing well running away...
Through the spaces between the rubble.
BAM

...I'm sorry.
I...
Don't know what's what anymore...
But with your body still hurt from the shadow joining technique...
You can't use your cells too well, can you?
As Enlil's proxy...
Should be easy to defend against...
These powers, which can merely transform my body...
With your god's 30, Nanna.
When you looked after me
My memories of my previous life
All came back to me
Namuru-sama's previous life...
Could it be that you are still not fully aware that you are King Shulgi?
Based on what Ea and Shazu said,
I thought it might be... a possibility...
Haha.
That's why I thought Shazu might be Shulgi Shuati
I was even happy thinking it was fate or something.

I DON'T KNOW!
I CAN'T BELIEVE THE GIRL I LIKED...
WAS A PARROT, AND THAT SHE HID IT FROM ME!
But...
Shazu was a parrot
Have you...
Come to hate Shazu?
Now...
My head is a mess
What should I do...?
Na-muru-sama
She will likely completely lose goul Marduk's cell
Which allows her to maintain her body
If Shazu fulfills Rim Sin-sama's wish
.....

If that happens, it will take her many years to store a new cell
With her avian body much smaller than a humans...
It is likely impossible...
For her to take form again in this world
While you are alive
Shazu is
Going to disappear?
BOOM
You are...
Never changing
Like a young boy you are honest...
And straightforward
Just like Shulg-sama when I met him

Namuru-sama... The truth is, none of it should matter
Your previous life
The world's fate
Because you are a boy who loves...
And with those feelings alone, you took Shazu's hands
Nor Shazu's true identity
And chased after her here
The feelings of the person I loved...
I understand them

MZTLPLX'S HISTORY NOTES! PART 2

by Mztlplx, the Proofreader.

KINGS

Many of the characters in this story are known historically from the Sumerian King's List, which was compiled from cuneiform tablets recovered at several archaeological sites. (All dates are estimated archaeologically or mathematically derived from verifiable dates of recorded events such as solar eclipses.)

Babylon
Sin-Mubalit — ruled in the Third Babylonian Dynasty from 1748 to 1729 BCE.
Hammurabi — Sin-Mubalit's son, ruled from 1728 — 1686 BCE. He conquered and ruled an empire comprising most of Mesopotamia. Known best for the "Code of Hammurabi", one of the first known sets of written, codified laws that applied to all.

Ashur (also known as Akkad and Assur)
Shamshi Adad — ruled 1809 — 1776 BCE. Reconquered Ashur from the Amorites. Greatly expanded its territories through conquest.
Ishme-Dagan — Shamshi-Adad's son, ruled 1776 — 1736 BCE. Successfully continued his father's conquests, but eventually lost a good bit of his kingdom.

Eshnunna
Dadusha — ruled 1800 — 1779 BCE. Credited with the creation of the "Laws of Eshnunna", one of the predecessors to the Code of Hammurabi.
Ibal Pi El II — dates unverified. Succeeded Dadusha, likely his son. Contemporary of Ishme-Dagan, known to have written tablets praising him.

Larsa
Rim Sin — ruled 1758 - 1699 BCE
Rim Sin II — ruled 1678 - 1674 BCE, when he was killed in a revolt against Babylon. He was likely not the Rim Sin II (Issi) of this manga.

Mari
Yahdun-Lim — ruled 1820 — 1798 BCE. Assassinated by his son Sumu-Yamam, possibly at Shamshi Adad's instigation. Sumu-Yamam was himself assassinated two years later, and succeeded by Yasmah-Adad, another of Shamshi Adad's sons. Yahdun-Lim's family then fled Mari to the neighboring city of Yamhad.
Zimri-Lim — Yahdun-Lim's son. Retook the throne from Ashur in 1776 BCE. Ruled from 1776 — 1761 BCE, until Hammurabi of Babylon conquered Mari.

Other
Shulgi — Second king of the Third Dynasty of Ur. Ruled from 2029 — 1982 BCE. Completed the Great Ziggurat of Ur, dedicated to Nanna the Moon God. Greatly expanded his territory and influence by proclaiming himself a god on Earth, creating one of the first real empires in recorded history. Extensively created and expanded schools for scribes, leading to greater literacy.

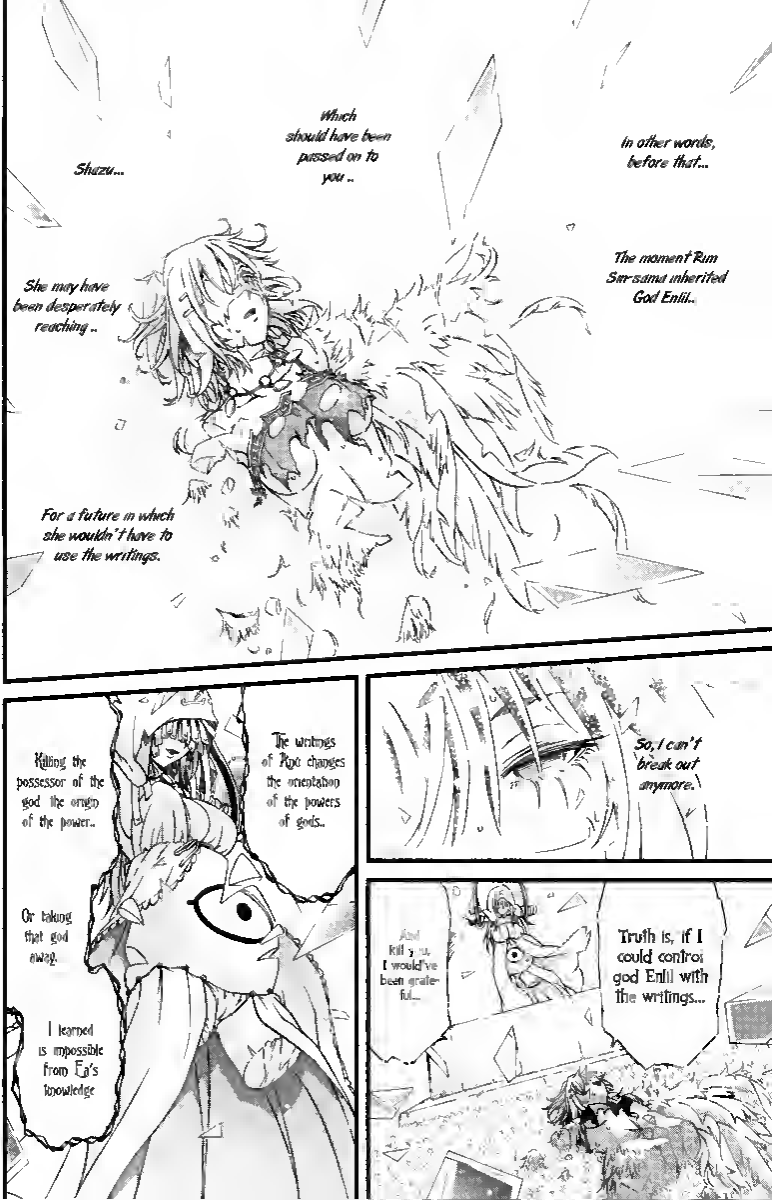
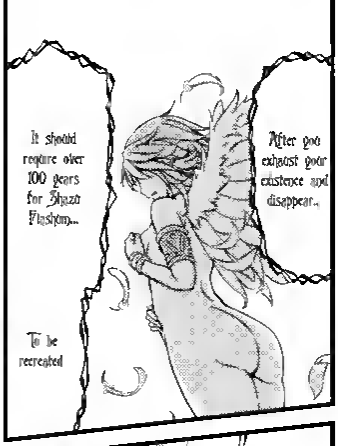
You can't enter that.
Impos-sible
P-PLEASE, WAIT!
PLEASE TAKE ME TO WHERE SHAZU IS!
In order to protect you...
And keep her promise to King Shuigi.
She likely resorted to using Anus writings...
When you were taken away to Larsa.
...

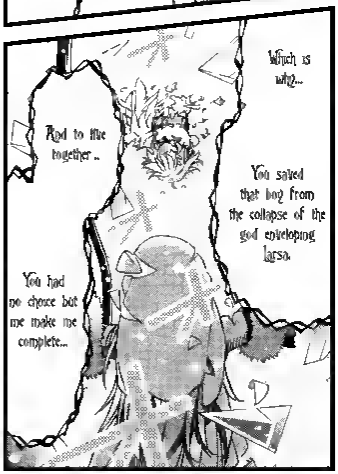


Shuzu...
Which should have been passed on to you..
In other words, before that...
The moment Rim Sin-sama inherited God Enlil..
She may have been desperately reaching..
For a future in which she wouldn't have to use the writings.
Killing the possessor of the god the origin of the power..
The writings of Ryoi changes the orientation of the powers of gods..
Or taking that god away.
I learned is impossible from Ea's knowledge
So, I can't break out anymore.
And Enlil's, I would've been grateful...
Truth is, if I could control god Enlil with the writings...

And even now,
Store god Ea within me.
At the dawn of my becoming complete...
I will recreate you.
And allow you to spend your days in paradise with Namara.



It should require over 100 years for Shaza Flashym...
After you exhaust your existence and disappear...
To be recreated



Which is why...
And to live together...
You saved that boy from the collapse of the god enveloping Iarsa.
You had no choice but me make me complete...

Haha
Haha haha

What the hell?
You're more human
Than I suspected
Then
Yeah
That's it
That's the sort of idea I like

...Why?
Do you not wish to be together with that boy?

...That is an immature suggestion.
Boy...

Because I carried it for so long
This important promise
Is like a curse
I can't shake it off now...
I'm a parrot with a strong sense of duty
HA HA HA
I have pretty good memory for a bird brain
Being unable... to grasp the heart...
...Is that my limit?

NAMU-RU?!
SHAZU!
It is impossible to cross this cell membrane
PLEASE SEND ME.....
That idiot!
TO THE OTHER SIDE!
Why hasn't he escaped yet?
...Seriously.
What a failure.

In the end, after defeating Lares...
Only Ashur and Mari remain But...
The thought of leaving that idiot alone...
I can't help but worry
Do your best, Namuru...
Unless you become king and expand the code of law...
My promise to King Shulgi...
Can't be fulfilled.
If, by chance... The promised is fulfilled...
Then...
For sure...
My feelings for you...
ZIT
Crack
Crack

Sha...
Zu!!
You idiot, you'll lose your hand!
Pull your arm back, Hamuru!
CRACK
I will... Never let go...
Of your hand.

Even if you are a parrot...
I love you.
The promise you made with King Shuigi
You and I will fulfill it
Our promise
I won't forget it

Namuru...
YOU IDIOT...
Me too...
I...

Amazing... How is it maintaining itself without collapsing?
Akkadian letters
And the literary style.
Dr. Leonard, I'm going to take a look downstairs
This looks like a temple from the First Babylonian dynasty
Then I guess...
I'll take a look upstairs

Only the stone monument is older
King Shulgi's name is on here...
Why is something from the Sumerian era mixed in here?
Is this A library?
!
*T/N: THE TIGRIS **MEAN THE GREAT DELUGE IN THE EPIC OF GILGAMESH

Ishtar...

Like the great flood of Idigna...
If all things were lost all at once...
The experiences of people...
Would fade away as well...

Are you... From around here?
I didn't think there'd be anyone else here.
Such...
Dark eyes...
Is that some legend, passed down verbally?
Step

Or... Can you read the letters on the stone monument?

That which was once here...
A code of laws, and the memories of kings...
Are already coursing through you...
Through your veins. .
That which lies here...

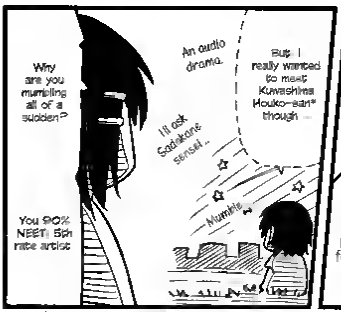
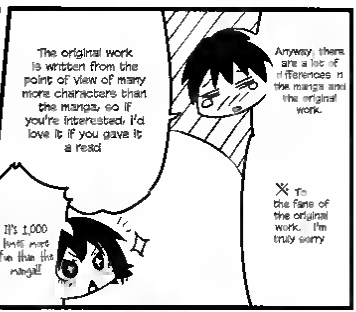
Thank you very much for purchasing it
Anyway, the final volume of Shiinou Sakai
Eh!? This is it!?
It's a once in a lifetime experience
Who would've thought there'd come a day when I made it into the afterword of a manga I read!

IT WAS TROUBLESOME IN A LOT OF WAYS
FIRST OF ALL, BECAUSE YOU'RE NOT STRONG LIKE THE PROTAGONISTS IN OTHER TITLES
I GOT INTO A HUGE MESS

Umm
Ahh
And you caused your assistant a lot of trouble, too
And first Mesopotamian story on it was on hand as first...
This was my first time being serialized, and working with an author



Why are you mumbling all of a sudden?
An audio drama.
But I really wanted to meet Kuwashima Houko-san* though...
I'll ask Sadakane sensei...
Mumble
You 90% NEET, 5th rate artist



The original work is written from the point of view of many more characters than the manga, so if you're interested, I'd love it if you gave it a read
Anyway, there are a lot of differences in the manga and the original work.
※ To the fans of the original work... I'm truly sorry
It's 1,000 times more fun than the manga!!

*TN: FAMOUS VOICE ACTRESS, ACTIVE SINCE THE LATE 1990S

THANK YOU SO MUCH!!!
And most importantly,
All the readers who read this far, even with the 3 year break-
Well then,
To the author-sama, all the assistants, all the editors,

Amane-san, for your hard
work for this long time period,
Thank you so much!
Also, for taking a disorderly world,
And giving it a beautiful form as a comic,
I'm truly grateful.
I was allowed to see the ability of artwork,
To express the movements of people
and the vastness of the world.
To the readers, I apologize for the
original work being suspended.
It will start up again soon,
so please forgive me!
The original work will follow
a different development,
So if you don't mind, I'd like it if
you gave that a read, too.
When I was writing this tale,
for a moment,
I suddenly lost the ability to create stories.
And that's why it went into suspension.
I've regained it as of now,
But I'm sure that I've caused you
an unpleasant experience.
And for that much,
I feel that especially for myself,
this is a precious tale.
Having said so that,
that's not really important.
If the readers can enjoy it,
that makes me happy.
Amane-san, all those involved,
and the readers,
Thank you all so much.

MZTLPLX'S HISTORY NOTES! PART 3

by Mztlplx, the Proofreader.

GODS

There were many gods worshipped in Mesopotamia. Many of the civilizations worshipped the same gods under different names. While all were worshipped, every city had its own primary patron god, and erected large temple complexes in their name. In the manga, the Babylonian names are used.

The Seven Who Decree (The Rulers of the Gods)
Anu — The Father of the Gods, the Sky Father. Ruler of the Heavens. Lord of constellations, spirits and demons. Created the heavens and the earth by killing the sea goddess, the dragon Tiamat, and splitting her body in half — using her tail to create the Milky Way.
Enlil — Ruler of Air, the space between heaven and earth.. Lord of breath, the four winds, heights and distance.
Ea — Ruler of Earth. Lord of water, intelligence, and creative tasks. He was responsible for changing human language from a single tongue understood by all to many different ones, to cause confusion among men. However, he also protected humanity by warning them of Enlil's many attempts to destroy them when mankind became too numerous, including the Great Deluge in the Epic of Gilgamesh.
Ninhursag — Goddess of mountains and fertility (crops)
Ishtar — Goddess of love, fertility (babies), sex, and war
Nanna — God of the Moon, wisdom, and the stars.
Shamash — God of the Sun, and of justice.

Other Major Gods In The Story
Adad — God of storms, lightning, and thunder
Marduk — God of water, plants, judgement and magic. Elevated to supremacy of the gods by the Babylonians after conquering Sumer.
Ninurta — God of hunting and war.
Ereshkigal — Goddess of the Underworld and death. Undisputed ruler of Irkalla, the land of the dead. In the story "The Descent of Ishtar", Ishtar went into the underworld to bring back her husband Dumuzi, the god of plants and crops. However, Ereshkigal would only permit her to enter as any common human would, shedding one item of clothing at each of the seven gates guarding the path and arriving naked. Ishtar complied, but enraged at this treatment, she attacked Ereshkigal when she reached Irkalla.. But Ereshkigal imprisoned Ishtar, and inflicted sixty diseases upon her. Meanwhile, on earth, all sexual activity and reproduction had stopped due to Ishtar's absence. This forced the gods to create non-gendered beings to retrieve Ishtar from the underworld in order to preserve Creation. Ereshkigal relented and agreed to release Ishtar, but required Ishtar to leave Dumuzi in the underworld for part of each year as a punishment for attacking her, thus causing the seasons. A later parallel is the story of Persephone in Greek myths..

Thanks for reading! I hope you've enjoyed this manga as much as I have!
